
Thermo-calc and Computational Thermodynamics

**André Costa e Silva
at the University of Florida
Jan 2003**

thanks to MJ Kaufman, NSF-CNPq, MSE-UF

The Plan

- **A little Thermodynamics**
- **What is the CALPHAD approach**
- **Some more Thermodynamics and how it relates to CALPHAD**

- **The reasoning behind Thermocalc**
- **Examples of using Thermocalc**
- **Specific TC questions and ideas from participants**

With thermodynamics we can do even phase diagrams!
